To Whom So Ever It May Concern

SPCM (Sinusoidal Pump Controller with MPPT) is an Advanced Power Conditioning Unit technology for Solar Water Pumping Applications innovated by Kisan Solar in collaboration with Applied Power Electronics Lab (APEL), Dept. of Electrical Engineering, IIT Bombay. The technology was perfected in this Laboratory at IIT-B under my guidance and I have perused extensive data generated by experiments conducted in APEL. The results were obtained for Power Efficiency, MPPT (Maximum Power Point Technology), Security and Protections.
